Amb. Penda A. Naanda
Executive Director
Ministry of International Relations and Cooperation
Private Bag 13347
Windhoek

Dear Ambassador Naanda,

EXPRESSION OF INTEREST TO EXPORT PALM OIL AND ITS RELATED PRODUCTS TO NAMIBIA

Kindly be informed that the Mission had the privilege of meeting with Mr. Ahmed Hamed, the esteemed Chief Executive Officer of Palmic Oil SDN BHD, a distinguished company based in Malaysia. This reputable firm is renowned for its expertise in exporting bulk Palm Oil products globally.

During the meeting, Mr. Hamed expressed a keen interest in exporting palm oil and its related products to Namibia. Below, you will find an outline of the diverse range of products and solutions that the company has to offer.

- i. Palm Oil Kernels
- ii. Crude Palm Oil (CPO);
- iii. Culinary Oils & frying fats;
- iv. Confectionery Fats (coating & creaming, cocoa butter substitute, spread, filling fat, coating fats);
- v. Bakery fats;
- vi. Dairy fats alternatives;
- vii. Cocoa and non-food (palm kernel stearin, soap noodles, glycerin, and palm fatty acid distillate)

The palm kernel cake, also known as palm kernel expeller, is the residue derived from palm kernel oil extraction from palm kernels. It is commonly utilized as an essential component in animal feed production. Recognizing the challenge of persistent drought in the country and the critical requirement for palm kernels for animal feed, Palmic Oil SDN BHD expressed its readiness to supply Namibia with palm kernels.

In light of the above, the Mission advises that this piece of information be shared with the Office of the Prime Minister, the Ministry of Urban and Rural Development, and the Ministry of Agriculture, Water and Land Reform, for their prompt and thoughtful consideration.

It is further informed that commercial and communal farmers in the past had made inquiries for the supply of palm kernels with this Mission. It is therefore also suggested that this information be put out to their consideration and benefit.

The composition of the palm kernels is herewith attached for perusal.

Yours sincerely,

Herman Pule Diamonds
High Commissioner
